As the winners of the prestigious New England ultimate clip competition, David & Helen Menzies understand that hard work & dedication along with great genetics make them more money year in year out.

David & Helen have four Circle 8 bulls working for them.

*“The **HYBRID** calves with the Black Simmental influence calved easily and are some of the longest calves we have produced. The benefit of the **HYBRID** influence in our calves provides us with the ability to turn our calves off quicker, increasing our profit” David Menzies 2009.*
